

Rapid Manufacturing Initiative (RMI)

**SP0500-03-R-0124
Pre-solicitation Conference
October 1, 2003**

Agenda

0900 Welcome & Introductions

1000 Overview

Solicitation objectives

Proposal evaluation

Question and answers

1200 Break - lunch on your own

1300 Industry feedback

1600 Adjourn

Agenda

0900 Welcome & Introductions

1000 Overview

Solicitation objectives

Proposal evaluation

Question and answers

1200 Break - lunch on your own

1300 Industry feedback

1600 Adjourn

RMI Goals

- Lead-time reductions for a variety of long lead-time, competitive repair parts NSNs and critical troop support items at a reasonable price
- Inventory level reductions with near-time delivery, and cost reductions across the supply chain
- Increased production process and scheduling efficiencies.
- Improved part/ item availability including surge and sustainment

Scope

- Responds to Corporate direction for a responsive solution to low-volume parts support
- Focus on competitive, long-lead parts
 - All parts are active, but most are low demand
 - Candidate population about 27,000 NSNs
- Intent is to increase LTC coverage and improve response to customer demands

Target Population

- Competitive Items
- NSO and replenishment
 - Replenishment = demand driven
 - NSO = low demand items, purchased infrequently
- 60 day PLT or greater
- Buy projected within next 2 years
- Exclude parts already on LTCs
- Exclude NIB/NISH/8A items
- Exclude items requiring FAT, QPL, QSL, QML, Rights Guard, etc.
- Exclude weapon system critical
- Exclude GFM, GFP, GFT, GFE

Selecting Marketbaskets

- Group size: 10 to 50 parts, but allow some larger/smaller
- ICPs: one per group
- Buy Objective: At least \$10K/yr
- Technical review

Phase 1 Groups

ICP
Baskets
DSCC

8

\$ Volume/yr

\$ ~ 1,492K

Parts

167

DSCR
12

\$ ~ 91K

239

DSCP

11

\$ ~ 1,146K

296

Acquisition Strategy

- DLA corporate contract approach
 - DSCP to award and administer
 - DSCP / DSCC / DSCR issue individual orders
- Long term contract arrangements
 - IDIQ, 5-year base period with (3) 2-year option periods
- Commercial contract structure

Acquisition Plan

- Best Value Source Selection procedures
 - Price equally important to technical merit
 - Technical factor Past Performance
- Performance-Based Contracting
 - Metric that ties delivery to options
- Combined competitive procedures
 - Set-aside determinations
 - Unrestricted if not set-aside

Agenda

0900 Welcome & Introductions

1000 Overview

Solicitation objectives

Proposal evaluation

Question and answers

1200 Break - lunch on your own

1300 Industry feedback

1600 Adjourn

Solicitation Details

Type of contract

- Commercial solicitation
- Firm-Fixed, tiered, pricing with Economic Price Adjustments (EPA)
- Indefinite Delivery - Indefinite Quantity (IDIQ)
 - Guaranteed minimum based on projected annual purchases
 - Amounts to be determined

Solicitation Goals

- One award per basket (all or none)
- Maintain SMS/RMI web site
 - Contract documents
 - Q&A
 - Other info
- Buy for stock (unplanned DVD by exception)
- Evaluation preference for HUB Zone firms
- Add/delete clause

**Strategic Material Sourcing/Rapid Manufacturing Initiative
Class IX Repair Parts**

Manufacturers are in demand!

**Now, The Defense Logistics Agency is making it worthwhile for you
to manufacture Class IX repair parts.**

The **Defense Logistics Agency (DLA)** is offering indefinite delivery, indefinite quantity (IDIQ) long-term contracts for the manufacture of Class IX repair parts. Many of these spare parts have traditionally had long lead times, and DLA is looking for contractors who can offer competitive pricing AND reduce the production lead time (PLT) of these important made-to-order items.

Through **DLA's Rapid Manufacturing Initiative**, manufacturers of Class IX repair parts are in high-demand. Many Class IX parts were first manufactured decades ago and are needed only in limited quantities. If your company has the capability to improve upon PLT while offering competitive pricing of these spare parts, DLA's rapid Manufacturing Initiative is offering the following:

- Long-term contracts for long-term commitments
- Contracts that include a mix of low-demand and high-demand parts (to ensure the financial viability of your contract)
- Various "market baskets" of parts that group the repair parts by materials, processes, or other characteristics

Agenda

0900 Welcome & Introductions

1000 Overview

Solicitation objectives

Proposal evaluation

Question and answers

1200 Break - lunch on your own

1300 Industry feedback

1600 Adjourn

Solicitation Details- Evaluation Factors

Volume I - Technical Proposal:

- 1. Past Performance
- 2. Quality Assurance planning

Separate factor evaluated by DSCP Small Business Office - TBD

- 3. DLA Mentoring Business Agreement (MBA) Considerations

Volume II - Business Proposal:

- 1. Price Proposal & Evaluation of Options
- 2. Offeror Qualifications, where applicable

RFP Technical Factors

Past Performance

(Volume I / Section 1)

- Similar / Same complexity within past 2 years
 - Point of Contact Information
 - Scope
 - Contract Information (No., \$ Value, Quantity)
 - Period of Performance
 - Item Description(s)
- Government or Commercial
- Level of Performance – Focusing on Timeliness and Quality
 - Ahead, On or Behind Schedule
 - Revised Schedules (Excusable or Inexcusable Delay)
 - Warranty Actions
- Applicable Small Business Programs
 - Subcontracting Plans
 - DLA Mentoring
- No Experience
 - Provide information relative to Key Management and/or Technical Personnel Experience
- DCMA records may be reviewed

RFP Technical Factors

Quality Planning

(Volume I / Section 2)

- Detailed plan to manage support to DLA customers
- How do you intend to meet quality requirements?
 - Certifications
 - Sampling
 - Inspection
- Ability to meet accelerated delivery requirements
- Existing capabilities and contingency plans
 - “Surge and Sustainment”

Price Proposal

(Volume II, Section I)

- RFP Section B Requirements
 - Tiered Pricing Levels
 - Less than 50% Annual Demand Quantity (ADQ)
 - 50 - 100% ADQ
 - Over 100% ADQ
 - Acceptance of Option Provision to Extend Basic IDIQ Contract
 - Basic - 5 year
 - (3) 2-year option periods

IDIQ - Indefinite Delivery/Indefinite Quantity
